

SANNINE EQUESTRIAN

Barn Partner Program

Mobile hunter/jumper instruction & training rides — Central Florida

"I know you likely already have a great training program. I'm not here to replace it — I'd love to be a resource."

— Sophia Allem, Founder & Head Trainer

Sannine Equestrian is a mobile hunter/jumper program serving Central Florida. Sophia coaches riders from their first position through 1.20m and beyond, and offers professional training rides. She partners with barns as a supplemental resource — never as a competitor to your in-house program.

3. Riders book online; every rider signs a liability agreement before the first session.
